

/home/leon/Projects
/processor-emulator
/EMU/emulator.hpp

```
graph TD; A["/home/leon/Projects  
/processor-emulator  
/EMU/emulator.hpp"] --> B[string]; A --> C[vector];
```

The diagram illustrates a file path at the top, which then branches into two arrows pointing down to the words 'string' and 'vector'.

string

vector
